CAREER OBJECTIVE

An aspiring technology professional with a keen interest in both UI/UX design and cybersecurity. Aims to leverage skills in application development, ethical hacking, and user-centric design to build digital experiences that are secure, intuitive, and innovative.

WORK EXPERIENCE

Salesforce Programming Architect Intern | TechForce Academy, Virtual | Jun 2025 - Aug 2025

- Gained hands-on experience in Salesforce architecture, developing and customizing applications.

- Worked with Apex and Lightning Web Components to build robust backend and frontend solutions.

- Completed a comprehensive internship program focused on Salesforce development and architecture.

UI/UX Design Intern | Cognifyz Technology, Virtual | May 2025 - Jun 2025

- Conceptualized and designed intuitive UI/UX solutions for web and mobile platforms.

- Collaborated with the team to build user-centric wireframes and prototypes.

EDUCATION

Bachelor of Technology (B.Tech), Computer Science & Engineering | (2023-2027) Arya College Of Engineering & IT, Jaipur

CGPA: 7.65/10

PROJECTS

Penetration Testing of a Virtual Network | Jul 2025

- Conducted a full ethical hacking assessment on a Windows 7 virtual machine.

- Performed network reconnaissance and service discovery using Nmap.

- Successfully gained system-level access by exploiting the EternalBlue (MS17-010) vulnerability with Metasploit.

- Extracted user password hashes during the post-exploitation phase.

NGO Connect | Jun 2025-Present

- Developing an app to unify various NGOs into a single platform, providing verified information.

TRAINING & CERTIFICATIONS

- **Certified Ethical Hacker (CEH)** | EC-Council, Jaipur | Jan 2025 - Present

- **Salesforce Programming Architect** | TechForce Academy | Jun 2025 - Aug 2025

- **IP Addressing and Subnetting** | GeeksforGeeks (4-week course)

- **Google Analytics** | Google, Virtual | Oct 2023 - Oct 2024

SKILLS

- **Cybersecurity:** Ethical Hacking, VAPT, Nmap, Metasploit, Network Security, Kali Linux, IP Addressing & Subnetting

- **Design & Editing:** Figma, Adobe Photoshop, Video Editing

- **Technical:** Java, C++, Salesforce, Apex, HTML, CSS, MySQL, Linux

ACTIVITIES & ACHIEVEMENTS

- **NSS Volunteer** at Arya College of Engineering and I.T.

- Secured **77th Place** in the CSAY 1.0 CTF competition.

- Participated in the **Hack Arya Verse** 24-hour hackathon.
